5,000 ACRES IN CULTIVATION OF

Fruit and Ornamental Trees, Roses.

Shrubs, Etc.,

W. & T. SMITH, PROPRIETORS.

We claim great advantages for the soil of Geneva, and vicinity, in the production of Healthy Long-Lived Trees. This is a matter of great importance to every planter. Not a year passes that we do not receive additional testimony of the fact that trees grown upon our heavy, strong, rich, well drained soil are healthier, longer lived, less liable to injury from extreme cold, and more productive than when taken from a light soil. Another very important fact is that being furnished with a more abundant supply of healthy, well-ripened and fibrous roots, they bear transplanting to a different soil and climate much better.

All persons authorized to act as Agents for us, are provided with a written certificate to that effect and we request that they be required to show their certificates. It is not infrequently sold by persons without authority, and not furnished from the places they pretend to represent; by which means many poor trees and plants are distributed, causing great dissatisfaction and disappointment. BUY GOOD STOCK OF RELIABLE MEN, and this may be avoided.

THE SCHOFIELD THIEF.

Captured and Held to Await His Trial.

W. H. Clark, Sheriff of Sevier County, arrived yesterday on the D. & R. G. from Schofield, having in charge a man named Charles Brown, whom he had arrested in Iron County for stealing. According to Mr. Clark's statement, the prisoner came to Schofield on the 13th of August and was seen first making his way out of a freight car. He loitered about town during the afternoon, trying on several occasions to trade an old razor for his dinner. Finally on observing the U. C. stables open and no person in sight, he walked in, took possession of a saddle, bridle, halter, overcoat and gun which he found there and a horse that was hobbled in the yard; thus fitted up with an outfit of traveling accoutrements and a horse willing to accommodate him with a ride, he put out in the direction of Iron County. Mr. Wilcox, the owner of the stolen horse, rode at once to Richfield and swore out a warrant when he and Sheriff Clark started out on the trail of the criminal. The fellow had kept in the tops of the mountains, stopping occasionally at ranches for food, until he discovered that the pursuers were on his track, when he started across the valley and was overtaken near Cedar City. Besides the articles taken from Schofield, they found in his possession a rifle and two pistols, which he had stolen from ranches on the way. He had also exchanged horses. The prisoner was brought to Schofield where he was examined and was committed to the Sheriff of Utah County to await the grand jury. Sheriff Clark pronounced him a tough-looking customer, and says he has many indications of being a thief from justice.—Enquirer.

THE NEW REPORTER.

Frank E. McGarrin Fills Adam Patterson's Place.

The committee appointed to examine applicants for the position of court reporter, yesterday filed the following report:

To Hon. C. S. Zane, Judge District Court, Third Judicial District:

The undersigned committee, appointed by your Honor to examine the qualifications and fitness of applicants for the position of phonographic reporter for your court, respectfully report that we have made careful tests of the proficiency in that behalf of all applicants who have attended all the meetings of the committee. As the result of our examination, considering all the tests, but without disparagement of others, we designate Frank E. McGarrin as a suitable person for such appointment.

Respectfully submitted October 9th, 1886.
J. C. ROSSBROUGH,
ROBT. HARKNESS,
J. G. SUTHERLAND.

Mr. McGarrin is a young man who impresses one with being active, bright and well up in his business. He is the gentleman who came recommended by Judge Powers, and he had just completed six years of stenographic reporting in the circuit courts of Michigan. He has a wife, whom he has already telegraphed to join him here. He underwent his first experience here in the big Beck-Eureka bond case yesterday, and read from his notes as unhesitatingly as if they had been typewritten. The court reporter of this district receives \$10 per day, and \$5c. for each folio transcribed. It is thought to be worth all the way from \$3,500 to \$5,000 a year.
